Pete,
thanks for the heads-up/ early scheduling. Pick any non-friday (preferably), schedule it, let me know, and I will be there.

Gregg

Gentlemen;

FYI, I have scheduled a Complete inspection for the Wildcat Loadout for March (Jim Smith) and a complete for the Dugout Mine (that's you Gregg) for the month of February. Let me know if anytime during those months is acceptable so that we might conduct our joint inspections. Thanks.....
